FEARFUL CYCLONE.

Kingfisher Greatly Damaged and Several People Are Killed—A Hail Storm Follows.

KINGFISHER, Okla., May 3.—A cyclone, gathering force in the southwest portion of Kingfisher last evening, created wild excitement and fear among the residents. A heavy rainstorm began an hour before, quickly followed by immense hail-stones. Windows were broken, and men and animals were knocked senseless. The loosely built board houses were deserted and women hid in cellars under unfinished buildings, half filled with water from the recent storm, but the cyclone turned to the south a half mile, and just missed the town. The cyclone did great damage to growing crops, overturning houses in its path, and killing considerable young stock, finally spending its force about fifteen miles distant. The only damage done in Kingfisher was to overturn small outbuildings and unroof two residences. Fourteen residences outside the city were destroyed and great damage done to crops by the hail. F. A. Bidwell, of York, Neb., and his son, were killed by the cyclone. They were expecting the rest of the family to arrive here yesterday. Simon Bates, a farmer, while riding was overtaken by the cyclone. He dismounted and held his horse by the lariat rope. The horse became frantic and wound Bates up in the rope. Before he could extricate himself the horse was lifted from the earth and carried a hundred feet. Bates' left leg was fractured and he received internal injuries. George Hickert and his family of ten entered a dug out and the house was torn to atoms. A portion of the roof was hurled against the roof of the cave, crushing it in. All escaped with bruises.

THE PRESIDENT WAS THERE.

Columbia Typographical Union Dedicates Their Building.

WASHINGTON, May 3.—Columbia Typographical union No. 101 dedicated last night their new building in this city, the finest erected by a single chapter of a labor organization. The hall was elaborately decorated with bunting and the stage partly covered by palms. Representative and ex-Printer Amos J. Cummings delivered an eloquent dedicatory speech. Senator Gallinger, who will be orator at the dedication of the Childs-Drexel home, and others followed him, and President Harrison honored the union with his presence, accompanied by Private Secretary Halford. The president entered the hall after the speechmaking. He was greeted by a prolonged shout and then three hearty cheers. Standing on the steps in front of the platform the president shook hands with the people who filed past him from the body of the hall. After the president had left the crowd amused itself at will.

PUT IN IRONS

In Deeming, the Australian Wife Murderer.

MELBOURNE, May 3.—The behavior of Deeming since he was sentenced yesterday has been more inexplicable than ever. There is a strange mixture of vague and insanity in all he says and does, the latter evidently assumed. The jailers fear that under the breaking down of all his hopes, Deeming may become actually mad or attempt suicide, for although in his spirits, assumed or otherwise, he sometimes drops into a moodiness which looks ugly and dangerous, and when they approach or speak to him it provokes ugly looks and language. It was decided to put the prisoner in irons, and this resolution was carried into effect today.

LICENSE OR NO?

Is the Question Before the Courts at Freehold Today.

FREEHOLD, N. J., May 3.—Today it will be decided whether or not there will be racing at Monmouth park. It is the opening day of court. If a liquor license be refused the racing association say there will be no racing. The court room is filled with members of the Monmouth county law and order league, armed with remonstrances with thousands of signatures, and they will make a strong protest against licensing the sale of liquor at Monmouth Park. The agents of the racing association are also present with petitions containing many names, praying for the granting of a license. The general opinion is that the application for license will be laid over. It is stated that the law and order league is determined to doom the racing association.

WILL CASE SETTLED.

How an Old Lady Got Even With a Young Heir.

RICHMOND, May 3.—Some time ago Milton Thornburg, a wealthy farmer of Cambridge City, died, leaving an estate of about $15,000. In his will he bequathed $1,000 and an interest in certain real estate to his grandson, Charles E. Thornburg, and a life interest of $10,000 to his housekeeper, Catherine Marty, who had been in his employ since 1858. The grandson filed complaint to have the will set aside, claiming that undue influence had been used, and Mrs. Marty filed a claim for services for a period of forty-three years, amounting, with interest, to $18,648. Today both suits were compromised. Mrs. Marty accepts $8,000 in full of all claims, and young Thornburg is paid $5,000 to withdraw his suit.

CRESPO'S THREAT.

If His Son is Put to Death by Palacio, the Latter Will be Burned to a Stake.

BARQUISIMETO, Venezuela, May 3.—The Dictator Palacio's threat to kill the son of General Crespo as soon as the latter comes within a league of Caracas, has reached the headquarters of the revolutionists and excited great indignation. General Crespo declares that if his son is put to death Palacio will be burned at the stake in the plaza in front of the Casa Amarralla. Crespo is getting dangerously near Caracas, but he is not yet prepared to attack it. He will not descend on Caracas until Victoria has fallen, and all his plans are now tending to the accomplishment of this latter object. Guerre, who, with Alayan and others, has rendered Ciudad Bolivia on the prairies in and around Calabozo, has been ordered up to the investment of Victoria. When this place is taken a death blow will have been given to Palacio's cause. Palacio has just issued a circular to the people of Venezuela in which he says that at the conclusion of the war, whether it results in a victory for the government or submission to the rebels, the different states will be called upon to elect representatives to the assembly, which will consider the question of reformed constitution. To this assembly he will hand his resignation, which for no human consideration would he retain for a longer period.

ALLIANCE MEN

Are in Favor of Third Party Action.

BIRMINGHAM, Ala., May 3.—Fifteen states are represented at the meeting of Alliance presidents and executive committee which convened here at 10 o'clock this morning in the parlors of the Florence hotel. The meeting was called to order by C. W. Macune, of Washington. The prevailing sentiment is in favor of third party action, but those opposing it are organizing their forces for a fight to the finish against such a move and a lively time is looked for. President Polk openly says now that all true Alliance men will vote for the full people's party ticket to be nominated at Omaha.

ARCH-BISHOP KENRICK'S.

The Great Prelate's Health Deserts Him.

ST. LOUIS, Mo., May 3.—A great deal of anxiety has been caused in Catholic circles by Arch-Bishop Kenricks' inability to fill his confirmation engagements. He was compelled on Sunday to disappoint the parish of Holy Trinity in North St. Louis, where he was announced to administer the sacrament. The arch-bishop seems never to have rallied from the attack of feebleness which siezed him shortly after his jubilee celebration.

Up in Smoke Went $50,000.

HILLSBORO, Texas, May 3.—Fire yesterday morning destroyed $50,000 worth of property in the business portion of this town. The principal losers are O. D. Lyons & Son, lumber yard, $20,000, and S. B. STORMY TIMES

In the M. E. Conference at Omaha—Dr. Palmer Has His Pocket "Touched."

OMAHA, Neb., May 3.—The second day's meeting of the quadrennial conference was opened with Bishop Merrill, of Chicago, in the chair. The galleries and balconies were crowded with sight seers, mostly women. The devotionals were conducted by Dr. J. C. Hatzell and after singing the communication the minutes were read, and immediately there was trouble, as many of the delegates claimed that their votes yesterday had been recorded improperly and a heated discussion arose and an hour was lost in trying to straighten out the records. It was finally discovered that the published report in the daily record was erroneous and peace was restored. The selection of seats was then finished. The conference seems to be a body of men with at least six distinct opinions on each and every question and the presiding bishop was compelled to beg time and time again to have order, but it seemed to be almost impossible to secure it. Many spectators drifted into the hall and appropriated seats set apart for delegates and would not give them up, and it became necessary to call the roll to discover the wolves who had gotten in the fold. To relieve the monotony Dr. Palmer announced that Dr. Stiles, while sitting among the laymen, had lost his pocket book containing $20.00 and a ticket. This raised quite a ripple of laughter and Dr. Palmer threatened to eject any reporter who would publish the fact, whereupon every reporter in the room copied it in his report. Bishop Foster now assumed the chair, relieving Dr. Merrill. Dr. Kynett, of Philadelphia, was without a seat, and he announced that fact every two minutes, until it finally became necessary to order a call of the roll to secure the doctor a seat. He finally got it, but others clamored loudly for seats, and it was impossible to proceed with business. The Delaware and Michigan conference had a row over their seats. Michigan claimed priority of right, while Delaware had squatted on their claim. A heated wrangle ensued and twenty minutes were consumed. Finally, when the excitement was at fever heat, the dispute was referred to the committee on hall and the call proceeded.

FOR TAX LAW LITIGATION.

Officials Combine to Meet Suits of Railroads and Telegraph Company.

The county attorneys of about sixty counties met in the office of Attorney General Smith, at Indianapolis yesterday, to devise ways and means to defend a test case involving the assessments by the state tax commission upon railroads. Colonel Aden C. Caven was made chairman of the meeting and John T. Beasley, secretary. After a statement by Mr. Smith, in which he announced that the Indiana law is exactly similar to that of Illinois, which has been sustained in the supreme court of the United States, it was decided to appointed a committee of five to prepare a plan, to be reported at 2 o'clock. This committee was made to consist of Attorney General Smith, as chairman, W. A. Cullop, Robert C. Bell, A. V. Brown and S. R. Hamill. At the appointed hour a report was made recommending that the outside counties contest in the Marion county court, the decision of the superior court of Marion county, to be held as deciding the cases in other counties. Thomas B. Orr, T. E. Howard, Hiram Brownlee, E. A. Sellers and Captain Vandobal were appointed a committee to name counsel to assist the attorney general. The report included the names of Robert C. Bell, of Allen, Hiram Brownlee, of Grant, Samuel Hamill, of Vigo, and Emory A. Sellers, of White. These attorneys will be compensated by the other attorneys or by the several counties whom they represent. It was unanimously decided to file pleas in abatement in every county but Marion, and the several railroad attorneys present agreed to a continuance of the out-county cases until a decision is reached in Marion county. The return is set for the 10th inst.

IN A GRAVE.

Mrs. Anna Brinkman Imagines She Was Buried Alive and Pleads to be Released.

Mrs. Anna Brinkman, who was yesterday afternoon adjudged insane by a commission consisting of Drs. Von Buskirk and Chambers, and Squires Ryan and Taney, was today removed from the home of her sister, Miss Mary Christie, at the corner of Creighton and Hoagland avenues, and is now confined in the hospital ward of the county jail, awaiting the arrival of papers admitting her to the insane asylum at Richmond.

The unfortunate woman is about twenty five years old and has one child, a daughter, aged about five years. As a result of a severe attack of grip during the winter Mrs. Brinkman's mind became affected a few weeks ago and her case grew less hopeful each succeeding day until now her mind is totally wrecked. Her hallucination is of a most distressing character. She imagines that she has been buried alive and appeals to her dead. Her terrible shrieks are almost heartrending and her writhings are pitiful to behold. This morning Policemen Quinn, Limecoody and Patton went to the house and removed the patient to the county jail, not however without great difficulty. The woman, although securely bound, hands and feet, with ropes, gave the officers a good deal of trouble. She seemed vested with superhuman strength and she fought desperately, kicking Officer Limecoody in the face and breast, inflicting bruises. The case of Mrs. Brinkman is a peculiarly sad one. She was educated in the Fort Wayne public schools and many friends of the family will extend to them the kindest words of sympathy. Miss Mary Christie, teacher in the Fort Wayne public schools, is a sister of the unfortunate woman.

COURT CULLINGS.

Andrew Yancy and Norman Crowdry, arrested by Officer Remy for drunkenness, were sent to jail by the mayor today. James Brenkat, arrested by Officer Bergman for the same offense, was dealt with likewise.

The case filed by Malinda Thayer against Joseph Thayer was dismissed.

The case of Badlac against Badlac, a suit for partition, was dismissed.

Justices Ryan and Tawney and Drs. Chambers and Vanbuskirk held an inanity inquest on Mrs. Anna Brinkman, of Creighton avenue. The unfortunate woman, who is twenty-five years old and has a husband and a seven-year-old daughter, imagines that she has been buried alive, and fights by spells to break out of her imaginary living tomb. Her case is a most distressing one. The commission declared the woman insane.

The recent decision of Judge Raymond, of the Kosciusko circuit court, in the matter of the Hanna heirs vs the Wabash Hydraulic company, will, if affirmed by the supreme court, prove one of much interest in Peru, in the ground which lies along the bed of the old Wabash and Erie canal. It will also clear the cloud on the title of the lots which has for so long obstructed their sale. There are a number of these lots averaging sixty-six feet front and sixty-six feet deep. Similar to the cases at Wabash, William H. Hood was the owner of the land and likewise dedicated by him for dock spaces. The land here is of value, and should it revert to the original owners then David B. Hood, of Peru, W. E. Hood, of Fort Wayne, and Mrs S. W. Higgins, of Los Angeles, Cal., are the owners, as heirs of William Hood. The case is awaited with much interest by the heirs and city as well.

WITH A GUN.

Julius Hugenard, the Grocer, Chases a Burglar About the House.

At a late hour last night Julius Hugenard, the Maumee avenue grocer, was awakened from his slumbers by the noise of a burglar who had gained access to the house. Mr. Hugenard knew where he could lay his hands on a trusty shot gun and procuring it he went on a still hunt for the burglar, but the intruder heard the movements of his pursuer and made his escape. The thief had collected a lot of booty and was about to depart with it when his operations were so suddenly brought to an end.

ELECTION DAY.

Light Vote Being Cast—Quiet Around the Polls.

The city election is passing off quietly today as it always will under the Australian system. Under the present voting system it is impossible to find out how the election is going as every man goes quietly to the booth and there, free from scrutiny, he votes for whom he pleases, and the world knows not his choice. A light vote was polled up to the hour of 2 o'clock.

Quite a pleasant event occurred at the residence of Mr and Mrs. Geo. D. Neiswender, corner of West Washington street and Broadway, last evening. It was the celebration of the ninth anniversary of their marriage. Refreshments were served to a large number of their friends and quite an enjoyable time was had.

Buggy swindlers are headed this way, and it might be as well for farmers to be on their guard. The scheme is to sell a fine looking but worthless vehicle on long time, taking a note and then rushing to a bank where the paper is cashed, leaving the purchaser no recourse. It will always be found much safer to deal with well known firms at home.

South Wayne held its annual election yesterday. The total number of votes cast was 6??, nearly every voter in the town turned out. The following were the officers elected: Trustees, first district, O. N. Heaton; third district, Leonard F. Walker, fourth district, E. W. Cook; clerk and treasurer, Theodore Thorward, marshal, Frank Burnett.

WARD MCALLISTER might arrange his classification of New York society on a more satisfactory basis if he would take a hint from the oyster stand at Cass and Barry streets. Why not brand the first grade as "New York counts," the second as "soiects," the third as "standards," and so on?

A FLOOD OF TEARS

Dear Testimony of Great Sorrow at Clara Miller's Obsequies—Mrs. Thompson's Death.

The funeral of Miss Clara Miller, of 37 Stophlet street, was held Sunday afternoon from the Wayne street M. E. church, and was largely attended. The pall bearers were Misses Mary Neuroth, Laura Rehrer, Ella McManus, Flora Houghton, Ora Hollenback and Maud Graham, who were particular friends of the deceased. The Rev. G. W. Eldridge preached eloquently, and spoke tenderly of the deceased, who had been a member of the church from childhood. She was an earnest and active worker in the church and Sunday school, having filled the position of assistant superintendent, organist and teacher in the Sabbath school at Prairie Grove. The deceased passed peacefully away April 28, at the early age of nineteen, after patiently enduring months of suffering, which was extreme during the last few days, was ended by a triumphant death, after having called each of her friends and relatives by name to her bedside, tenderly kissing them goodbye, and leaving words of comfort and love to each.

Her life, though so short, was filled with deeds of love and kindness, she had smiles and kind words for both young and old. Truly, no one came in contact with her but was made better by her lovely disposition. The beautiful floral emblems which were offered by her friends, showed the high esteem in which they held her. The remains were tenderly borne to the Prairie Grove cemetery, after hot resting place, and on arriving there, the Sabbath school, in which she so faithfully labored, had assembled and formed in two columns, which extended from the entrance to the grave, and through which the remains were followed by the immediate relatives and friends. Over the entrance was placed an arch of white and black crape, and the pathway to the grave was strewn with flowers. The last token of love was from the little scholars, who threw bouquets of flowers in the open grave.

Cleo Nodine, aged thirteen years, died yesterday morning at the feeble minded institute. The remains were shipped to Waterloo, Ind.

Mrs. T. J. Thompson, who was removed a few days ago from her Buchanan street home to Hope hospital and fainted in the ambulance, died last evening with inflammation of the bowels. A lobe a few weeks old survives her. Her husband is at present living at his home on Buchanan street a hopless paralytic.

The funeral of Mrs. T. J. Thompson took place this afternoon from the undertaking parlors of Schone & Wellman.

Melvin, five year old child of Chas. Abe, died last night of diphtheria at the residence, Savilla place, South Wayne. This is the second death in this family within a few days. The funeral will be held tomorrow morning and will be private.

HIGH WATER.

People Confined to the Second Story of Their Homes in Bloomingdale.

The rains of yesterday and last night caused the rivers to overflow their banks and the residents of the northern part of Bloomingdale were forced to take refuge in the second story of their houses in order to avoid the high water. The Oakland street creek, in its overflow, washed away a quantity of earth that had been hauled upon lots in that locality but last week for the purpose of improving them. The horse of Robert Barr stood in the stable in water to its knees, and Mr. Barr was greatly exercised as to how he should get him out, having no rubber boots with which to wade the flood. He finally waded in without the boots and rescued the animal. The damage to property south of the feeder canal on High, Wefel and Berthold streets was extensive, the sidewalks and street grades being washed away in many places.

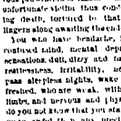
THE AWFUL BRINK.

Insanity, Softening of the Brain.

The alarming increase of nerve and brain diseases is fast becoming more terrible. The grip, which no doubt thousands have had, in all cases leaves the brain and nerves in a weakened and debilitated condition. This condition must be immediately restored to one of strength and vigor of nerves, or nervous prostration or insanity may result. The unfortunate victim then experiences the following death, tortured by that awful disease, lingers along awaiting the end—death.

You who have headache, loss of memory, confused ideas, mental depression, strange sensations, dull, dizzy and fast feeling head, restlessness, irritability, nervousness, who pass sleepless nights, have cold hands and feet, weak, with trembling, cold limbs, and nervous and physical exhaustion, do you not know that you stand upon a brink more awful than any precipice—a terrible brink of insanity, softening of brain, paralysis or other such ruination?

These symptoms are the warnings of impending danger. Heed them now, before it is too late—and restore your nerve strength to their power and vital vigor by the great nerve, brain and blood invigorator, Dr. Greene's Nervura. You cannot be in better hands, for your disease, and



ward off all danger. Purely vegetable and harmless. Druggists, $1.

I suffered from nervous prostration, was so weak and prostrated I could not attend to my household duties, closed my house and gave up my home, as I was so restless I could not remain in one place. I could not sleep for weeks at a time and became a mental wreck as a result. I resorted to Dr. Greenes Nervura, with wonderful effect. It produced good sleep, restored my appetite and strength until I feel like a new person.

AMERICAN FAMILY SOAP.

Best for General Household Use.

We do not know why Scott's Emulsion of cod-liver oil is so useful in those simple but varied conditions which you know as "having a cough." We cannot explain it: we only know the fact from experience.

It may be due to the combination of tonic effects of cod-liver oil and the hypophosphites; it may be partly due to the glycerine. There are many effects in medical practice the causes of which appear to be plain, but how those causes produce those effects we do not know at all.

Scott & Bowne, Chemists, 132 South 5th Avenue, New York.

You can get your Scott's Emulsion of cod-liver oil and druggist everywhere 50c. & $1.

TRINITY CHURCH—Convention of Episcopal deanery.

WORLD'S MUSEUM—Big attractions.

TO THOSE who are laying the foundation of a fortune, it may be said that the founder of the Astor family came to this country a little more than 100 years ago with only $25 in money, but with seven flutes.

THE first clock factory in this country was opened by Mr. Eli Terry, in 1793. The centenary of this event will appropriately celebrated in Connecticut, where great preparations for this purpose have already commenced.

AT THE regular weekly meeting of the Presbyterian ministers, held at Baltimore yesterday, resolutions endorsing the methods of Rev. Dr. Parkhurst were passed without dissent, and a copy of them ordered to be sent to New York.

JAPAN has now a school system some what similar to our own. Controlled by local authorities are more than 28,000 schools, of which 26,000 are elementary. The teachers number nearly 72,000, and the scholars 3,410,000, or nearly half the total population of school age. The total annual expense of the system is about $7,000,000.

THE growth of the Christian Endeavor movement makes it one of the most remarkable and suggestive phases of Christian development in the last decade. Ten years ago next June the first national convention was held. It represented only six societies and 481 members. The convention that meets in New York in July will represent 18,000 societies and 1,100,000 members.

ST. JOSEPH CLASSIS, of the English Reformed church, will hold its annual meeting at Millersburg, Ind., beginning May 11. The sessions will likely continue for two or three days. These meetings will no doubt be very interesting and should be largely attended. The various churches should send a full representation of delegates. A full attendance will add much to the inspiration and interest of the meetings. The Grace church in this city will be represented.

THE county commissioners of Cass county, Ind., purchased the four principal toll pike roads in Cass county, paying in cash $22,000. The question of the purchase of these roads has been agitated for years, and making them free will be a good thing for Cass county. It is thought that the other toll pikes will be purchased in a short time. This is a question that has been agitating the minds of the farmers of Allen county for some time, and they are anxiously looking forward to, and praying for the day, when their own county will do likewise.

THE Russian steamer Tynehead sailed from Brooklyn yesterday on her mission of charity. Miss Clara Barton and Mrs. Dr. Elliott, of the Red Cross society, were present when the steamship started. The vessel was decorated with bunting and carried the flag of the Red Cross society at the main. The steamship was chartered by money subscribed in Washington through the Red Cross society and the loading sum was donated by David Lowe sons. The vessel carried 116,357 bushels of corn and 500 sacks of flour, donated through the Red Cross society. The vessel will go direct to St Petersburg and will unload at the most convenient port for shipment to the famine district.

AMONG the various questions that the twenty-first quadriennial general conference of the Methodist Episcopal church, now in session at Omaha, Neb., will be called upon to decide are those relating to an increase in the number of bishops, the time limit controversy, the question of giving the colored brethren representation on the board of bishops, and the right of women to sit as delegates. A strong memorial will be presented to the conference asking it to enact such legislation as will enable pastors to drop members who do not support the church according to their ability to elect bishops for eight years without privilege of re-election, to remove the limit from the pastorate, to provide for the election of presiding elders with or without nomination of both and to give the cabinet the power of making appointments, a majority of the presiding elders being sufficient to determine an appointment.

THE success of Hood's Sarsaparilla is because it possesses true merit, and no claim is made for it which is not fully supported.

A NEW FEATURE.

"The Sentinel" Has a Great Treat in Store for Its Many Readers.

THE DAILY SENTINEL wants 5,000 subscribers, and we believe before the first day of January, 1893, we can secure this number. If printing a good paper will accomplish it, we know we will succeed. Our circulation, which can always be found at the top of the second column on this page, has grown far beyond our expectations. Little did we think one year ago that today we would have the large number of subscribers that appears in the affidavit in each issue of the DAILY SENTINEL. A clean paper, a paper that can be read as the family fireside, a paper that gives all the news the same day it happens, not only at home but from all parts of the world. Now for our new feature. We have made arrangements to publish in THE SENTINEL one of the best and most instructive stories ever written. It is from the pen of that great author, Nathaniel Hawthorne. The name of the story is "The Scarlet Letter."

NATHANIEL HAWTHORNE.

Those who have read it years ago will be glad to read it once more, while thousands, both old and young, who have never had that pleasure, will be glad to read it now.

The Scarlet Letter is a true story, and is written by the firm hand of a master, guided by the characteristic and vivid imagination of a great author. The shadow of a former day takes the reader by the hand and leads him back to the early days of a New England town; amid the scenes of an English-American colony, the reader is made familiar with the quaint conditions of Puritan life. Through the lines one hears the cry of anguish and the laugh of joy as I witnesses the scenes as they unfold in sunshine and shadow.

The first chapters will soon appear. Keep an eye out.

THE STATE MILITIA.

Companies of Young Soldiers Become Familiar With the New Tactics.

The state militia companies are becoming familiarly well acquainted with the new tactics, and by the time the annual state encampment takes place all the companies are expected to be in good condition. There will be a good deal of rivalry among the Indiana companies for honors at the World's fair next year, and that fact is already spurring officers and men to make a first-class showing. Only the best companies will be called on to go to Chicago.

Within the last few months nearly all the companies in the legion have been re-officered, and Colonel Ruckle believes he has excellent men now in command. Another batch of commissions was issued Friday. Several promotions are made. W. H. Kieger, of Bluffton, is made batallion major of the Fourth regiment; Captain L. H. Palmer, of Valparaiso, is made assistant surgeon of the Third regiment; Lieutenant J. D. Hale, of Decatur, is appointed quartermaster of the Third regiment; John McGee, of Mishawaka, is promoted to be captain in company F, Third regiment, George Sailer, of Princeton, was made a first lieutenant in the First regiment. The following assignments were made to company G, Third infantry: Captain, A. H. Skinner; first lieutenant, Lloyd True, all of Rochester. To company M, Third infantry, the following assignments were made: Captain, James M. Porter; first lieutenant, Charles Rogers; second lieutenant, Sidney Moore, all of Indianapolis. The following officers were commissioned for the Hartford City Cadets. Captain, J. A. Hindman; first lieutenant, J. L. Weaver; second lieutenant, Charles B. Sinclair.

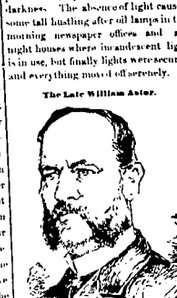
IN DARKNESS.

Night Workers Forced to Hustle for Light.

Owing to the high water it became necessary to shut down the machinery at the power station between 10 and 11 o'clock last night and for the remainder of the night the citizens were compelled to grope around in Egyptian darkness. The absence of light caused some tall hustling after oil lamps in the morning newspaper offices and all-night houses where incandescent light is in use, but finally lights were secured and everything moved off serenely.

The Late William Astor.



William Astor, news of whose death in Paris has created great excitement, is said to have been worth $60,000,000. Of course, this statement is conjectural, and others like it. It is believed that John Jacob Astor, who married the wealthy Miss Willing, of Philadelphia, will inherit the vast estate left by the deceased gentleman, of whom he is the only son among the four surviving children.

William Astor was born July 12, 1830. He was educated at Columbia college, and graduated at the head of his class in 1849. After making a tour to Egypt and the east, in 1853, he married Miss Caroline Schermerhorn, of New York, who survives him. She is still a handsome woman, and has long reigned as the queen of American society. Mr. Astor was a man of retiring disposition, less devoted to the details of business than are the Astors generally, and fond of yachting and the sports of the country gentleman.

Too Long to Wait.

Young Tom Canemaster, a Columbia college student, asked his tailor the other day when he would send him the suit of under clothes that he had ordered.

"When you have paid me for your last spring's suit," replied the tailor.

"Oh, bother!" said Tom, impatiently, "do you suppose I can wait forever for my winter clothes?"—Texas Siftings.

Made an Impression.

Mr. Saphead (sighing)—I wish you could find something about me to like.

Miss Beanti (kindly)—Well, Mr. Saphead, there is one thing about you I like very much.

"I am glad to hear you say so. What is it?"

"You make short calls."—New York Weekly.

Plenty in It.

Bullfinch—How is that little mining scheme of yours getting along? Any money in it?

Woolen—Any money in it! Well I should say so! All of mine, all of my wife's and about $50,000 that I got from my friends.—Boston Courier.

Commercial Item.

Fakir—Don't you want to purchase something? Dude—No, I've got everything I need. "Don't yer want to buy a fine razor?" "I never shave myself."

"But sure you don't want to commit suicide some day"—Texas Siftings.

Where They Were.

Mrs. Witherby—Your old clothes man was around today.

Witherby (grimly)—Tell him next time that if he wants to look at any old clothes of mine he will have to call at the office.—Clothier and Furnisher.

RAILWAY RUMBLINGS.

The "Muncie" Increases Its Passenger Service—Items Picked Up at the Offices and Shops.

The Lake Erie and Western railroad officials realize the enormity of mileage which their through men on the Fort Wayne branch are now undergoing, and have concluded to give them such relief as will make their mileage in conformity with other roads. With this end in view they have put on a third crew, which will reduce the milage to less than 1,000 miles per week, and give the present incumbents renewable relief from their labors. Such action on the part of the company promotes Freight Conductor C. J. Longergan to regular passenger service and Perry C. Harlan, of Muncie, to a regular baggage service. The latter, how ever, is quite an important position, as the duties of express messenger are also involved therein, and Mr. Harlan, who is night train dispatcher, will be a good and available man. He will be relieved from his present duties for the road as quick as Trainmaster Crosby can fill his position with a satisfactory man. The change as now made will meet with the hearty approval of the men in the train service, and is quite acceptable to the railway officials, and much better service can be expected when such considerations are shown.

A Lake Shore conductor says female tramps are becoming numerous They are not as daring as the men in jumping on and off trains, but they are found hanging all over a freight car, on the tracks, or clinging to the truss rods by hands and feet; in fact, in a good many dangerous places that a male tramp would never think of going.

The remains of the late Nickel Plate Engineer Edward Bossler were this morning taken to Crestline, Ohio, the home of his parents, for interment. The deceased was not, as stated in the papers yesterday, a fireman. He was promoted to engineer in November last In January he was taken with la grippe and afterwards with rheumatism, which in turn led to heart failure, the cause of death Sunday Mr. Bossler spent several hours at the Nickel Plate round house, conversing with the men, and seemed to be in good health. In fact he stated to Foreman W. D. Miller that he would resume his run about the 15th inst. The news of his death was received with deep sorrow by the railway boys, with whom the young engineer was a favorite.

Wrapped in a Poisonous Veil:

In the mire that we see rising from the shores of sluggish streams, from low lands soaked by freshets or from marshy muddy flats on the outskirts of populous cities, there abcase and death. Intrenched in this poisonous veil of mist are isolated huddens structures, manufacturing villages and humble tenements. For those who either from motives of business interest or duty necessarily are daily constrained to breathe this envenomed atmosphere, there is no immunity save in an efficient preventive remedy. Hostetter's Stomach Bitters fully disguard. Hostetter's Stomach Bitters fully disguard, protecting whole communities from the insidious attacks of malaria, aills and with is its more malignant forms is scarcely less powerful in the land-boal than typhus. Every type of it is thoroughly eradicated by this beneficent agent, which specifically also remedies dyspepsia, constipation, liver and kidney trouble, rheumatism and nervousness. It is a restorative, too, of appetite, sleep and flesh.

That Tired Feeling

Is often the forerunner of serious illness, which may be broken up if a good tonic like Hood's Sarsaparilla is taken in season. This medicine imparts the tone, vitalizes and liver to remove the waste from the system, purifies the blood and builds up the strength.

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills insure this action and invigorate the liver.
